Snow flurries in the mountains tonight and Sunday. Lowest tonight 20-26, continued rather cold Sunday.

**GOOD EVENING**  
Little worries don't hurt anyone, says a college professor. Except the folks some people insist on telling them to.

**Oyler Predicts Same Borough Tax Rate; Women Applaud Report State Has Okayed Square Traffic Lights**

Harry M. Oyler, president of the Town Council, met with the Women's Civic Council at their first meeting of the year at the Y.W.C.A. Friday evening, and an informal discussion of borough policies and problems was held.

He said the borough was in good financial condition, having spent only \$110,000 of the estimated budget of \$120,000.

The real estate tax will remain at 11 mills this year, he predicted.

**Discuss Town Topics**

The women applauded his statement that the state had approved plans for the installation of traffic lights in Lincoln Square.

He explained that each councilman was chairman of a committee of three, divided as follows—Safety, Highway, Sewer, Utility, Health, Finance, Ordinance and Property.

Informal discussion was held on such local problems as snot, garbage-burning, bicycle riding on pavements, juvenile delinquency, etc. The group expressed appreciation for the "splendid work done each summer by the borough in mosquito elimination and snow removal in winter."

Previous to Mr. Oyler's talk, the council held a business session with their newly-elected president, Mrs. Guyon E. Buehler, presiding. Nineteen of the 24 organizations in the council were represented, together with three members-at-large.

**Changes In Membership**

Changes in representation for the new two-year term are as follows: Anne Danner Club, Mrs. R. L. Kildner replacing Mrs. Charles L. Lauver; Annie M. Warner Hospital, Mrs. George P. Eberhart replacing Mrs. E. A. Miller; Business and Professional Women's Club, Miss Mildred Moser replacing Mrs. Edith Bushman; National Council of Catholic Women, Mrs. Walter Coleman replacing Mrs. George A. Miller; Salome Stewart Tent, Mrs. Mary Felix replacing Mrs. Sewell Kapp; W. C. T. U., Mrs. Martha Lentz replacing Mrs. M. R. Remmel; Mrs. Hannah Brown was elected as a member-at-large, replacing Mrs. Robert Roberts.

Other representatives whose terms continue are American League Auxiliary, Mrs. Gene Sickle; A. A. U. W., Miss Beatrice Pfeffer; Beta Sigma Phi sorority, Miss Anne Fabry; Dorsey-Stanton Legion Auxiliary, Mrs. Rosetta Wansel; Adams County Fish and Game Auxiliary, Mrs. Pearl Wiser; F. O. E. Ladies' Auxiliary, Miss Martha Strasbaugh; Gettysburg School Board, Mrs. J. B. Collins; Mary Gettys Rebekah lodge, Mrs. Charles W. Spriggs; Pennsylvania Catholic Beneficial League, Mrs. Leo McDermitt; Post Office Clerks Auxiliary, Mrs. George Olinger; St. Francis Xavier Mothers Club, Mrs. Richard Cole; Sons of Union Veterans Auxiliary, Mrs. Ralph Kessel; Soroptimist Club, Miss Dorothy Poth; Study Club, representative not known.

**MOTORISTS IN COUNTY DONATE \$1,932 TO POLIO**

Donations by motorists to the Adams County March of Dimes nearly doubled this week, Mrs. Joseph E. Codori announced today. The amount given so far is \$1,932.98. Last Saturday a previous report showed \$984.

Mrs. Codori said the contributions are "evidence of an outstanding interest by motorists in the fight against infantile paralysis. There are no collectors going to the door. Each of the 12,000 motorists in the county has sent a card asking a donation. If they wish to make a donation, they must write out a check, place it in an envelope. That is what impressed us at this splendid example of public spirited giving. All of those hundreds of people who donated had to go to the trouble of mailing their donation in. It shows true generosity and interest." She expressed deep appreciation not only on behalf of her committee but on behalf of the polio sufferers who are helped by the donations.

The contributions are listed according to the post office from which they are received. The totals so far at the end of the second week of the campaign are: Abbotstown, \$80.10; Arendtsville, \$33. Aspers, \$52.15; Bendersville, \$38.70; Biglerville, \$204.70; Cashtown, \$10; East Berlin, \$97.30; Fairfield, \$69.20; Gardners, \$131; Gettysburg, \$815.48; Greenstone, \$2; Guernsey, \$6.35; Hampton, \$8.90; Iron Springs, \$3; Littlestown, \$122.90; McKnightstown, \$3.50; McSherrytown, \$47; New Oxford, \$141.90; Orrtanna, \$47.80; Peach Glen, \$7; Seven Stars, \$6; Table Rock, \$10 and York Springs, \$54.

**FORAGE CROPS AND WOODLOT SESSIONS AHEAD**

Plans for annual forage crops and woodlot management meetings were announced by the county Agriculture Extension office today in connection with a listing of next week's meetings.

The forage crops sessions will be held Friday with meetings at the Arendtsville bank and at the farm shop of Wilbur Waybright, near Harney.

At 10 o'clock next Friday morning the first session will be held in the basement of the Arendtsville bank with John Pepper, extension insect specialist from Pennsylvania State University, discussing control of spittle bug and other insects on forage crops. Crop fertilization and soil testing will also be discussed. The meeting at the Waybright farm at 1:30 o'clock will be similar to the one in the morning at Arendtsville.

**Other Meetings Planned**

The farm woodlot management meeting will be held Wednesday at 1:30 p.m. at the woodlot of Stuart (Continued On Page 4)

**Has Invitation To Academy Sesqui Show**

As a former student, Mrs. Edna Zane, Breidenbaugh Apts., has an invitation to be a guest at the current 150th annual art show and sesqui-centennial celebration at the Pennsylvania Academy of Fine Arts in Philadelphia.

At the age of 18, Mrs. Zane, then Miss Breidenbaugh, attended the academy for two years. Two other local artists who attended the Academy at about the same time were Charles Morris Young, who now resides in a Philadelphia suburb, and the late Lytton Buehler.

An exhibit of nearly 300 works of 25 American artists is a feature of the sesqui celebration at the academy.

**Merwyn C. Fuss Talks At Dinner**

Merwyn C. Fuss, Taneytown, president of the National Lutheran Brotherhood, addressed the Men's Bible Class, St. James Lutheran Sunday School, at its annual dinner at Two Taverns Friday evening.

Guest teachers of the class and their wives were guests at the dinner and were introduced. Rev. Dr. Ralph R. Gresh, pastor, led songs, and Dr. W. W. Barkley, Gettysburg, pronounced the invocation. There were 118 in attendance.

Harry T. Stauffer, chairman of the committee, served as toastmaster. Other members of the committee included: Donald Weikert and Francis Weikert.

**Another Night Job For Cinderers Crews**

State Highway Department cinder crews got their third workout of the month early this morning when highways became slippery from a snowfall that reached a depth of 1½ inches in mountain sections.

The first flurries began at 11 p.m. and by midnight cinder crews were at work and they continued through the night. There were 10 state trucks hauling cinders and six or seven caretakers' wagonettes were scattering cinders in their areas. Cinderers were being continued at 9 o'clock this morning.

Two plows did some work, chiefly in the mountains, but highway officials said there was "hardly enough snow to use the plows." The snow packed hard on the main roads and made driving hazardous. Many cases of skidding were reported but no serious accidents occurred overnight on the slippery roads.

**BOY WINS PIE BAKING TEST AT NEW OXFORD**

New Oxford and Fairfield High Schools chose their cherry pie baking champions in contests held Friday, and Biglerville High will pick its winner next Wednesday. The champion from each of the high school contests will compete in the county-wide contest to be held January 31 at Biglerville.

Teddy Stough, a 17-year-old Senior boy, won the Cherry Pie Baking contest at New Oxford High School. Stough, the son of Mr. and Mrs. Theodore W. Stough Sr., New Oxford R. 1, finished first among 16 contestants, only four of whom were boys.

Young Stough had previously distinguished himself when he won the State Poultry-Judging Contest in 1953, and was a part of the Pennsylvania team which finished third in nation-wide poultry-judging competition. He was given a Keystone Farmer award at the Pennsylvania Farm Show this year. He is a member of the Future Farmers of America.

**Girl Places Second**

Second place in baking cherry pies was awarded to Aida Stambaugh, a 16-year-old Junior. She is the daughter of Mr. and Mrs. Charles Stambaugh, Hanover R. 6. Nancy Seibrig, New Oxford, was third, and Peggy Hair, New Oxford R. 1, took fourth place.

The Fairfield High contest was won by Janice Sanders, daughter of Mr. and Mrs. O. G. Sanders, Fairfield R. D. Janice is a Junior at the high school. Barbara Trimmer, a Sophomore, was the runner-up.

The judges at Fairfield were Mrs. Robert Wills, Mrs. Paul Crist and George Inskip, supervising principal of the jointure.

The cherry pie baking contests are sponsored annually by the Pennsylvania Red Cherry Growers Association, and the contests in Adams County are run by the county branch of the association.

Mrs. Joanne Breighner, Littlestown, the home economics teacher at New Oxford High, made the arrangements for the New Oxford contest.

The judges were William Lott, Aspers, who represented the county cherry growers; Mrs. Henry Stock and Charles C. Taylor, both of New Oxford.

Biglerville High will have its contest next Wednesday, beginning at 9 o'clock in the morning. The judging will be in the afternoon. About 14 entrants are expected.

**Charged With Taking Relief While Working**

Grant E. Toner, 40, Gardners R. 1, was arrested by state police for receiving public assistance money while working. He was lodged in the county jail in default of \$1,000 bail, and will receive a preliminary hearing Monday morning before Justice of the Peace Robert P. Snyder.

Toner is alleged to have remained on the public assistance payrolls while gainfully employed, and to have failed to notify state officials of this change in his employment status.

The period of this offense is said to have been from August to October, 1954.

**ASKS DIVORCE**

Helen M. (Sponseller) Sadler, Straban Twp., has filed an action in divorce against her husband, Donald Leroy Sadler, of that township. The complaint was filed Friday afternoon with the prothonotary. Mrs. Sadler lists as her grounds indignities to her person and "wilful and malicious desertion." She states that they were married in 1945, and lived together until February 6, 1953.

**COUPLE LICENSED**

A marriage license has been issued by the clerk of courts to Charles O. Brown, son of Mr. and Mrs. Reston D. Brown, Littlestown, and Margaret M. Myers, daughter of Mr. and Mrs. Lester H. Myers, Littlestown R. 1.

**ASSIGNMENT PLAN ON GRADE PUPILS NEXT YEAR IS READY**

The Transportation Committee of the Gettysburg Joint School District met Friday evening at the superintendent's office at the high school and came up with a pupil assignment plan for the elementary grades next year which they will recommend to the joint board in February as "fair and practical."

The re-assignment is made necessary by the opening in the fall of the 20-room Keefeauver Elementary building and the closing of High Street school, the Hoffman Orphanage school in Mt. Joy Township and three one-room schools in Cumberland Twp.

The proposed plan in brief follows:

1. All Fifth and Sixth grade pupils will be assigned to the Keefeauver School.
2. Pupils in the first four grades in Gettysburg borough will be assigned to the grade school—Meade, Lincoln or Keefeauver—most convenient to their home.
3. Bus pupils in the first four grades will be assigned late in the summer as bus routes are worked out with these rural children bringing Meade and Lincoln to their eight-room capacities and filling the new building except for one room which would be used for special education purposes.

**AAUW TELL ABOUT COUNTY SERVICES ON AIR**

The story of the various "county services" will be outlined on the series of programs over WGET to be broadcast by the local unit of the American Association of University Women next week.

The program, which are presented at 11:15 o'clock each morning over the local radio stations, will discuss Child Welfare services Monday, the Red Cross Tuesday, the county library Wednesday, the retarded children's program Thursday and the county's legal aid program Friday. Mrs. Forrest E. Craver announced today.

Three members of the Advisory Board of the Adams County Child Welfare Services will participate in Monday's program, answering questions "most frequently asked" of the agencies. The board members will include C. C. Culp, Mrs. Henry T. Bream and Rev. A. W. Geigley. In addition Mrs. Daniel Padlock, a member of the staff of the Child Welfare Services, will be present to (Continued On Page 4)

**Town Divided**

Gettysburg pupils in the first four grades will be distributed this way:

Meade School—All pupils living west of Carlisle and Baltimore Sts. and north of and including W. High St. Howard St. and streets west in that section also will go to Meade.

Lincoln School—All pupils living on Carlisle and Baltimore Sts. and streets east as far south as and including E. High St.

Keefeauver School—All pupils living south of E. and W. High St.

**Bonneauville Couple Marks Golden Wedding Anniversary**

A high mass this morning at St. Joseph's Catholic Church, Bonneauville, and a family dinner Sunday at Hanover will mark the fiftieth wedding anniversary of Mr. and Mrs. Casper P. Myers, residents of Bonneauville for the last quarter century.

Mr. and Mrs. Myers were married at Littlestown January 25, 1905, by the late Rev. Fr. Germainus Kohl. Thus the actual anniversary date will occur Tuesday but the couple decided to hold the observance over the weekend to permit the four children, 17 grandchildren and one great grandchild to be present. It is expected that all but one of the grandchildren, who is a nun and unable to be present, will be at Bonneauville for the observance.

Mr. Myers is a son of the late Mr. and Mrs. Clayton Myers, and has resided all of his life in the Bonneauville vicinity. Mrs. Myers is a daughter of the late Mr. and Mrs. Louis Weaver, of Littlestown. The witnesses at the wedding 50 years ago were the late Sarah Weaver Frommyer, who was a sister of Mrs. Myers, and Charles Myers, Gettysburg R. 4, a brother of Mr. Myers.

**Both In Good Health**

Rev. Fr. Leo J. Krichen, pastor of St. Joseph's Catholic church, was the celebrant of the mass this morning. At Sunday's dinner at the Central Hotel in Hanover, the couple will have as their guests the children and grandchildren and in addition the Misses Emma and Mary Myers, Bonneauville, sisters of Mr. Myers; Mrs. Emma Paynter, Bonneauville, sister of Mrs. Myers, and Mr. and Mrs. Wilbur (Continued On Page 2)

**"Night In India" At St. James Tuesday**

"A Night In India" will be observed at St. James Lutheran Church Tuesday evening when Dr. and Mrs. L. Eugene L. Irshick, missionaries to India and now on leave in this country, will be guests of honor at a covered dish luncheon at 6 o'clock. Dr. and Mrs. R. M. Dunkelberger, also missionaries to India, will attend the luncheon.

Dr. Irshick will speak on India and Mrs. Irshick will show curios and articles which she brought from that country.

Mrs. Luther I. Sachs, general chairman of the committees arranging the luncheon and program, has stated that all members of the congregation, both men and women, are invited to attend.

**STEPSON SEEKS FARM IN COURT ACTION FRIDAY**

The stepson of a well-known Emmitsburg district farmer, who died last February, sought to show by witnesses in Equity Court, Frederick, Friday that the elderly man promised to leave him his 117-acre farm before he died without any will.

Involved is the estate of the late Scott H. McNair. The stepson, Dallas Sonny McNair, produced two witnesses before Associate Judge Patrick M. Schnauffer Friday morning who said they heard the elderly man say he was going to leave the farm to his stepson.

They were John E. Ohler, 83, and Alvey P. Gregg, 74. Ohler said that in a conversation with the elder McNair about a year and a half ago, the stepfather said he had an offer of \$14,000 for the farm but was going to decline it because "he wanted it for the boy." Elaborating Ohler said McNair "always called Sonny his boy."

Greg, who moved to the Emmitsburg neighborhood within the past three or four years, said Scott McNair used to stop at his farm and they would talk together. Gregg said McNair told him he "wanted (Continued On Page 2)

**COACH OPERATED UPON**

Luther I. Sachs Jr., 34½ Locust Ave., submitted to an emergency operation at the Warner Hospital Friday evening for the removal of his appendix. Sachs is the Gettysburg Junior High School basketball coach.

**DEATH**

Samuel E. Wampler, 64, died Friday at the home of his daughter, Mrs. John D. Harnish, Derry, Pa. He was the son of the late Mr. and Mrs. S. E. Wampler, Bendersville. Surviving are his daughter, Mrs. Harnish, with whom he had been residing; one granddaughter and the following sisters and brothers: Mrs. Cora Martin, Gardners; Mrs. Margaret Alexander, Jacksonville, Fla., and D. A. Wampler, Harrisburg.

Services Monday afternoon at 2 o'clock from the Axe Funeral Home in Altoona. Friends may call Sunday at the funeral home.

**MOST FARMS IN COUNTY USING CONSERVATION PRACTICES NOW**

Eighty farmers gathered at the Court House here Friday night to hear how much work on conservation has been done during the past year, to hear how one farmer turned a lowland into an area producing 100 bushels of shelled corn to an acre, and to learn something of the job ahead in the continuous task of keeping the soil on the farm.

The group gathered for the annual meeting of the Adams County Soil Conservation District. W. Clayton Jester, Biglerville R. D., secretary of the soil district board, gave the report on work accomplished during last year by farmers cooperating with the district. Jester estimated that 80 per cent of the producing land in Adams County is under "some form of conservation plan. That doesn't mean that soil conservation practices are at the moment in operation, but plans have been made by the farmer owners, studies have been prepared and the day is not too far away when conservation practices will be carried out." Sixty-five per cent of the most productive farms in the county are cooperators with the soil conservation district, he added.

**Lauds Directors, Farmers**

Oscar Kimmel, state conservation official, who spoke later on the small watershed conservation plan, told the group: "I want to publicly thank your directors for the outstanding job they have done in conservation and you farmers of Adams County who are conserving the county's resources by using good conservation practices on your own farms."

One conservation practice that has grown in popularity, construction of farm ponds, continued popular last year with 67 such ponds built, according to Jester's report.

Two farm irrigation systems were set up.

Construction work included: 33,985 linear feet of open drains; 40,148 linear feet of closed drains; 19,000 feet of terracing and 29,100 linear feet of diversion construction. 19,195 linear feet of hedgerow planting was done by the farmers cooperating with the district. 100 acres of land were cleared. Two-tenths of an acre of farmland was turned into a wildlife improvement area, and eight acres were devoted to establishing wildlife borders. Two hundred and seventeen acres of pasture improvement work was completed, strip cropping practices were started on 168 acres, stubble mulching on 374 acres, cover cropping on 271 acres, contour farming practices on 465 acres, contour orchard practices on 181 acres. The report (Continued On Page 2)

**PUPILS VISIT TIMES PLANT**

Thirty-eight boys and girls of the Second grade of the Bendersville school, accompanied by their teacher, Mrs. J. Walter Coleman, visited The Gettysburg Times plant Friday afternoon.

Included in the group was the staff of The Second Grader, official publication of the class. They were as follows: editor, Delmar Crum; assistant editor, Billy Black; advertising department, Patty Kane, Linda Rex and Sandra Dix; news editors, Kathy Wenk and Jennifer Horick; sports editors, Roger Rex, Donald Black and Stanley Lupp; feature writer, Gregory Eisenhart; circulation, Tamey Miller.

Also present were Cindy Baltzley, Larry Wallen, Fay Taylor, June McCurry, Jake Alexander, Michael Lawver, Daniel Miller, Clyde Taylor, Patsy Ann Orner, Jimmy Wright, Ricky Galusha, Jimmy Taylor, Jane Smith, Joanne Yasovsky, Yvonne Lupp, Alona Wand, Violet Baker, Judy Carey, Ebin Fetters, Sherry Singley, Nancy Weidner, Dorline Altice, Betty Jumper, Linda Smith, Diane Bierley and Anna Mae Sites. Because of illness Tommy Taylor and Patty Baldwin did not accompany their class.

**Blaze Destroys Boyer Box Factory At Guernsey Friday Night; Estimate \$8,000 Loss**

Fire destroyed the Charles G. Boyer Box Factory at Guernsey Friday night, causing an estimated "8,000 to \$10,000 damage." The cause of the fire was unknown today.

Mr. Boyer provided the estimate this morning pending a final survey to check what equipment if any might be usable following the blaze which leveled the 120-foot frame structure.

A building that has seen many uses, part of the box factory was made of hewn logs. At one time it was the passenger and freight station for the railroad at Guernsey, and was also the post office. Later it served as a warehouse for the Tyson. Mr. Boyer and his brother, Elton Boyer, bought it first in 1936 and converted it into a box factory. They later sold it, and still later Charles G. Boyer rebought the structure and has used it since as a factory. He had six employees working at the establishment. They had completed work at 5:30 o'clock Friday evening. Mr. Boyer had inspected the structure about an hour later, at 6:30 o'clock, and found nothing amiss.

**Form "Crate Brigade"**

The loss, which included a sawmill at the rear of the box factory, is partially covered by insurance. Mr. Boyer said. Besides the machinery, wood, and equipment, a "truckload" of pallets completed Friday for shipment to Philadelphia Monday was lost in the blaze.

More than 700 completed crates were moved when firemen and others formed a "crate brigade" to pass out the wooden boxes and pile them on a lawn nearby.

An estimated 250 firemen, from five companies, and with 11 pieces of apparatus, took part in the fight that started out with a vain attempt to save the factory and ended in a successful struggle to keep the fire from spreading to the Walter Roberts store and post-office about 40 feet away.

**Biglerville Called**

Three hose lines were kept in operation wetting down the side of the three-story brick, with a small frame addition, store structure. The brick wall of the store became "so hot the water was steaming as it hit it," Biglerville Fire Chief Paul Fissel said.

George Phillips discovered the fire from the home of his son-in-law, Raymond Wagner Jr., at the former Country Club property. He saw what appeared to be a blue flame near the center of the facade (Continued On Page 2)

**SMITH PLEDGES AID IN COMICS BOOK CLEANUP**

Leroy E. Smith, proprietor of the L. E. Smith Wholesale Distributor of newspapers, magazines, comic books and other periodicals, today addressed a communication to Donald Cordell, of the Gettysburg Junior Chamber of Commerce, in which he pledged his cooperation to the groups seeking to curb publication of undesirable comic books.

Smith also declared that the national distributors of comic books had established a "self-regulating" group.

Judge Charles F. Murphy, of New York City, has been appointed Code Administrator for a newly created Comics Magazine Association of America, Smith wrote Cordell, and "he has full authority to carry out and enforce a strict, self-imposed set of standards for comic publications."

**Four-Point Program**

Smith quoted a four-point program already adopted as follows:

1. A basic Code of Ethics for the industry has been developed. This Code has banned all so-called horror and terror books.
2. A special staff of professional reviewers has been selected by Judge Murphy and will assist him in inspecting all comic books before they are printed.
3. A formal seal of approval will be printed on all comic (Continued On Page 7)

**NCCW Unit Votes \$5 To Polio Fund**

A donation of \$5 was given to the March of Dimes at a meeting of the St. Ignace Parish Council, NCCW, Buchanan Valley, Thursday evening at the home of Mrs. Oliver Peifer. Rev. Fr. Louis Yeaver, pastor, opened the session with a prayer, Miss Catherine E. Miller, president, presided.

Mrs. Clara Kane was appointed representative to the Adams County Home Auxiliary. It was announced that the clothing drive for new infants' and children's garments for the Pope's storehouse will begin soon. The annual Day of Recollection will be held at St. Joseph's Academy, McSherrytown, March 6.

Father Yeager announced that several square dances will be held in the hall this winter. After the recitation of the Rosary, refreshments were served by Mrs. Peifer.

The next meeting will be held at the home of Mrs. Patrick Irvin, Buchanan Valley, February 17.

**Here And There**

News Collected At Random

In 1945, the first year of the Pennsylvania Game Commission's day-old pheasant chick program, 52 per cent of the birds were raised to maturity. The score improved each year until recent years, when there has been a return of about 80 per cent. The quality of the birds improved, too, with the increase in success of the amateur propagators.

Last year the Game Commission supplied 218,625 of the chicks to farmers and sportsmen. Approximately 83 per cent of them, the best record so far, were reared to 12 weeks of age or older.

This year the Game Commission will again have day-old pheasant chicks for distribution to sportsmen's organizations, farm-game cooperators, rabbit farm cooperators and farmers with a minimum of 30 acres of land open to public hunting. Five pounds of starting feed will be supplied for each chick furnished clubs or individuals.

The minimum age for liberation is 12 weeks. However, the Commission will supply organizations with one cockbird for each ten hens held for liberation (Continued On Page 2)

**ASK INCREASE IN TELEPHONE RATES IN COUNTY**

The United Telephone Company today filed new telephone rates with the Public Utility Commission, at Harrisburg, calling for an increase in rates, residential and business, in Gettysburg, Biglerville, Fairfield and York Springs.

John Caldwell, local manager, said "expansion of service and facilities during a period of high costs" is the reason for the requested increase. He also said there was a "decline of returns on the investment." He added that there has been "one general rate increase in over 30 years."

Present rates were adopted in June, 1951, Caldwell said. He cited some of the work done by the Company:

Projects completed locally by the Company in recent years including the installation of three new switchboards at Gettysburg; cable to Cashtown and on the Harrisburg road, and small cable jobs in Gettysburg and Biglerville; new cable from Biglerville to Aspers, Gardners and Idaville; new cable from Biglerville toward Heidlersburg; new cable in Fairfield and cable from Fairfield to Orrtanna; and in the York Springs area new cable was placed from York Springs to Heidlersburg and north of York Springs on the Harrisburg road.

The new rates requested for Gettysburg and Biglerville are as follows:

## COSTA RICAN REVOLT IS IN FINAL STAGES

MANAGUA, Nicaragua (AP)—Apparently writing off the Costa Rican revolt as hopeless, Nicaragua's President Anastasio Somoza said last night the rebels should accept a truce if the San Jose government allows its exiles to return to Costa Rica and promises free elections.

The Nicaraguan strongman expressed his views on the fighting in an interview granted after the Costa Rican General Staff announced in San Jose the capture of the last two rebel bases in the northwest tip of the country. The feeling in the Costa Rican capital was that the revolt was virtually over.

Somoza said he rebels appear "in bad shape—in a difficult situation, with no defense against the fighter planes the United States turned over to (Costa Rican President Jose) Figueres."

**Attacked From 2 Sides**  
In San Jose, sources predicted the remaining rebels would be mopped up in a day or two. Unconfirmed reports there said half the insurgent force—estimated at 500 to 800 men—already had fled into the buffer zone.

The rebels apparently left behind much of their heavier equipment, such as mortars and armored trucks. A planeload of captured weapons was flown to San Jose yesterday.

Figueres' office charged in a communique that some rebel troops were trained in both Guatemala and Nicaragua, and invaded Costa Rica from both countries. The communique said the charges were based on statements made by rebel prisoners.

Those trained in Guatemala, it added, landed from seagoing barges at Puerto Soley.

## lauds YWCA On Its 100th Anniversary

HARRISBURG (AP)—Gov. George A. Leader, in his first proclamation as the state's chief executive, paid tribute to the Young Women's Christian Assn., in honor of its 100th anniversary.

Leader yesterday hailed the YWCA's advancement of religious ideals and spiritual values as "vital if good will, justice, truth and freedom are to prevail in a world beset by conflicting moral and ethical standards."

The proclamation was presented to the governor for signature by his sister-in-law, Mrs. Henry Leader, president of the YWCA of York.

## BUNNIES FROM SAN JUAN NOT WANTED HERE

One hundred seventy-five members of the Adams County Farmers Association, meeting Thursday evening at Biglerville, instructed the board of directors of the association to take such steps as may be necessary to attempt to secure legislation banning the San Juan rabbit.

The discussion on the rabbits came following a discussion on Social Security. William A. Rickabaugh, York, district field representative for Social Security told of the new social security law as it covers farmers and farm workers starting this year.

Alvin Saylor, director of Research for the Pennsylvania Farmers association, outlined the fight being made by the national Farm Bureau Association to have the law amended to make social security voluntary instead of mandatory for self-employed farmers.

The discussion disclosed that a number of farmers, particularly fruit growers, are concerned over the law which will force them to make social security payments for the thousands of "fruit pickers" who help out on the orchards during harvest season. Some growers held they will have to hire full time secretaries to take care of the bookkeeping involved as a result of the new law.

When the social security session had ended Saylor mentioned the San Juan rabbit, 1700 of which, he said, have been introduced in Pennsylvania so far. The rabbits dig burrows, multiply rapidly and have practically undermined San Juan island into which they were introduced from Australia where they had previously become a problem to farmers, he said. The Adams county farmers, fearing that the animals will become pests here as they have been elsewhere, then moved to have their directors oppose in every way possible the introduction of any additional San Juan rabbits into the state.

water, but firemen could not get across the railroad to approach it. "Ordinarily," Chief Fissel said, "there would be enough water around Guernsey to fight any fire. Between the drought and the winter there wasn't any water near by last night."

**Haul Water Two Miles**  
One truck with a 125-gallon capacity remained pumping water continuously, while the other emptied its tank and then went to the Lloyd Garrison pond, nearly two miles away, to secure more water.

Residents of the Guernsey area formed a bucket brigade from a nearby well to augment the flow of water into the pumper remaining at the scene.

The Biglerville chief, immediately upon arrival at the fire, called Arendtsville, Bendersville and Aspers. Those trucks arrived within a few minutes and boosted the flow of water. Bendersville set up one pumper at the Garrison pond and throughout the night filled the tanks of other fire engines as they arrived from the scene.

Firemen for a time believed they had the fire under control. The blaze died down and smoke had cleared from the rear end of the structure. At that point firemen believe that had they been able to pump water directly they could have saved the remainder of the structure. But with most of the equipment engaged in running back and forth for water, the blaze gained slowly. Then it burst through the roof, and the entire structure was afire.

**Stay At Scene To 3:45**  
Gettysburg fire department was called at that time, about 9:45 o'clock, as the blaze threatened the store nearby and a house on the other side owned by Clarence Rausher. Firemen said that had the wind been from any other direction other buildings would have burned as well. The breeze carried the fire out toward the railroad tracks and away from the nearby structures.

Gettysburg had three pieces of apparatus at the fire and Arendtsville, Bendersville, Aspers any Biglerville two each.

Firemen from Biglerville remained at the scene until 3:45 o'clock this morning when all embers had finally been extinguished and there was no longer any danger of fire spreading.

ADVERTISE IN THE TIMES

## REBEL CONVICTS GIVE UP GUNS AND HOSTAGES TO STAND TRIAL

BOSTON (AP)—Four desperate, hostage-holding convicts surrendered their stronghold inside ancient Massachusetts State Prison yesterday in exchange for "some glimmer of hope" after their long prison terms.

The escape-mad rebel four yielded five guards and six fellow convict hostages, two guns and themselves to a 7-man civilian negotiating committee after an 80-hour holdout of snarling death threats.

Penal authorities immediately began an investigation into the prison uprising and Massachusetts Atty. Gen. George Fingold said he personally will prosecute the four who face additional sentences up to 20 years.

**To Be Abandoned Soon**  
Spokesman for the negotiating committee, Erwin D. Canham, editor of the Christian Science Monitor, said the civic group made "no bargain or deal" with the convicts but promised to try "to get something" so the convicts "would have some hope for the future."

The convicts, among them notorious bank robber and escape artist Theodore Green, listed their grievances for the committee. All complaints concerned the medieval facilities of the 150-year-old bastille which is due to be abandoned later this year for a new prison in Norfolk. Said Canham:

"Teddy Green asked me to step into one of these gloomy dungeons. He shut the barred door and turned out the lights in the corridor. Then, in his tense, hard voice, he described life in these cells. That was about 2 a.m. Friday morning, and I have rarely had a more intensely moving 2 a.m."

**Want Hope For Future**  
"And so for three solid hours we sat and talked—listened, mostly. The convicts complained of their utter frustration, but most of all of the horrors of protracted solitary confinement. 'You rot,' they said."

"No mawkish note, no false sympathy, no disguise of their crimes entered the discussion. They freely avowed they had a debt to pay to society. But they wanted to be brought to trial, to get on with their punishment, and to see whether—way down at the end of the road—there might not be a year or two of liberty left for them."

**Await Speedy Trial**  
The five hostage guards, unarmed, clean shaven and refreshed despite their long ordeal of threats and captivity, were reluctant to talk about their experience. Their spokesman, Warren L. Harrington, said "we're tired and that is all."

The negotiating committee singled out for special praise the Rev. Edward F. Hartigan, the prison's Catholic chaplain, the Rev. Howard P. Kellett, the Protestant chaplain, and Dr. Samuel Merlin, all of whom made constant efforts to end the revolt without bloodshed.

The convicts—Green, robber-gunner Walter Balben, felon Joseph Flaherty, and cop slayer Fritz Swenson—were returned immediately to their cells to await a "speedy trial" promised by Gov. Christian A. Herter.

## STEPSON SEEKS

(Continued from Page 1)  
the boy to have the farm and everything on it." Scott McNair said, then, Greg testified that he was just giving the young man "spending money."

Defendants in the action are Scott T. McNair and Dula M. Welty individually and as administrators of the estate of their father, Mr. McNair, and two other children, William G. McNair, of Carroll County, and Robert W. McNair, of Adams County, Pa.

Dallas McNair is a son of McNair's second wife, who died in 1949. Through his attorney, Edward D. Storm, he maintained there was an agreement between McNair and his mother whereby the survivor would execute a will bequeathing the joint estate to him except for \$4,000 to be divided among the children of the first marriage.

He claimed that he ran the farm as a virtually unpaid family worker with the understanding that he would be repaid by inheriting the estate. But when Scott McNair died without a will, he said, the four defendants took charge of the property and allegedly denied him anything.

He said in court Friday that he didn't know he was not a son of Scott McNair until about a year before his stepfather died. The bill of complaint is for specific performance of contract.

The stepson testified that none of McNair's children helped on the farm and that he quit school at 14 to help his stepfather in the operations.

Sherman P. Bowers, who with Parsons Newman, represents the defendants, said in his opening statement that there was no agreement and no contract by which the stepson was to receive the farm. In the answers requesting dismissal of the action, the defendants said Dallas McNair worked on the farm and was paid as well as getting board, lodging and clothing. They denied any agreement to pay him for past services.

## PROSPECTS FOR COLD WEATHER

**By THE ASSOCIATED PRESS**  
More cold, and some snow and rain, was in prospect for the northern tier of states from the Rockies to New England today.

Snow fell again across most of the Midwest and wet and cold weather moved into the northeastern section of the country. Rain fell in most of the East Gulf States while a belt of freezing rain and sleet pelted areas across North Carolina and Virginia. Light rain also fell in the Pacific Northwest and there was snow in the Great Basin.

Colder air moved southeastward over the Great Plains and over the Great Lakes and lower Ohio Valley. It was near zero in parts of North Dakota and the frigid air extended into the North Central region.

It also was colder along the Texas Coast with Brownsville reporting an early morning low of 49, compared to 68 yesterday. The Far West continued chilly with freezing weather except along the Pacific Coast and in the far Southwest. One of the country's coldest spots was Ely, Nev., with a low of 8 degrees below zero. One of the warmest was Miami with 68.

Early morning reports: New York 32 and cloudy; Chicago 18 and cloudy; Denver 23 and partly cloudy; Salt Lake City 10 and clear; San Francisco 46 and clear; Los Angeles 47 and clear; Seattle 37 and rain; Pittsburgh 34; Madison, Wis., 19 and snow; Springfield, Ill., 25 and clear.

until March.

**Applications for chicks** and plans for constructing the required holding pens may be secured from game protectors. Each officer has a quota of birds. Those wishing chicks should apply early.

Pheasant chicks released by organizations do not affect allotments and distributions from State Game Farms. Persons and organizations interested should contact their District Game Protector. He must inspect the equipment and pens to be used before he can approve applications. Applications must reach the Harrisburg office of the Game Commission prior to April 1 to insure feed delivery in time.

**Chicks will be available** between May 15 and July 15. The majority of the shipments will be made in June. Better results are possible if chicks are picked up at the Game Farm, thus avoiding delay and loss in transit. Applications received late will be filled if chicks are available after all other shipments are completed.

The Game Commission is organized to do a real job with ringneck pheasants, but the help of farmers and organized sportsmen is needed to make it more effective. Teamwork will provide more pheasants and better hunting.

also showed other practices being started during the year by the cooperating farmers.

**Roy Weaver Jr.**, Gettysburg R. 4, discussed conservation practices. Adams County Farm Agent Frank S. Zettle told the group of the history of conservation and said: "We must conserve what soil we have because there is no more new land." He showed a motion picture depicting the development of the soil.

Richard Long, of the Soil Conservation Service, told of drainage tests made of various soils found in Adams county. It was found that even the best practices would have little effect on some soils where the subsoil is so hard that water cannot penetrate it. Subsoiling, deep plowing to break up the hardpan of clay or shale underneath the soil helps in some instances, he said, but "there are limits to where it is financially feasible. And some soils are so constituted that they flow like butter when wet and seal up the subsoiling work so that within a year it no longer exists."

## Society Meets

Mrs. Samuel J. Snyder was leader at the January meeting of the Women's Missionary Society of St. Luke's Union Church, near White Hall, held on Friday evening at the church. The opening Scripture lesson was read by Mrs. Snyder, followed with the group singing of "The Church's One Foundation." Mrs. Charles E. Bupp was piano accompanist for the singing. The topic "Following Our Evangelists Overseas" was introduced by Mrs. Snyder. The topic was presented in the form of a question and answer lesson with Mrs. Snyder as narrator and Miss Betty Hartlaub as the questioner. The program closed with prayer in union.

The business session was conducted by Mrs. Roscoe Klinefelter, president. The group decided that the active membership of the Society should be increased and each present member will make a special effort to enroll interested persons. Mrs. Parr R. Breighner, secretary, gave her report. Mrs. Guy McCabe was selected to be the leader for the next meeting on Friday, February 18, 7:30 p.m., at the church.

ROBERTS SIGNS  
QUICK CONTRACT

PHILADELPHIA (AP)—In his quickest contract signing to date, the Philadelphia Phillies ace right-hander, Robin Roberts, agreed yesterday to accept a reported \$42,500 for this year.

The compact came after a 25-minute chat with Phillies' General Manager Roy Hamey. Roberts, heretofore, had made a habit of dickering for a long time before coming to terms.

This time Roberts, who has won 20 or more games for the past five seasons, was the first Phil to sign. Neither Roberts nor Hamey would disclose the exact salary, but sources close to the pair said the 28-year-old pitcher received a \$2,500 raise. He had a 23-15 record last year.

Roberts already was the highest paid player in the Phillies' history, but a club spokesman remarked "What can you do when a pitcher wins so consistently?"

FLOODS RISING

PARIS (AP)—Parisians watched nervously today as the Seine River, continuing its ominous rise, flooded basements and spilled over into the city's streets.

With the crest estimated still two days away, the muddy waters already have seeped into the basements of such historic riverside buildings as Notre Dame Cathedral and the Palais Bourbon which houses the National Assembly on the Quai d'Orsay.

Near the columned facade of the Palais Bourbon, workmen were building stone dikes to hold back the Seine, in case it overflows the lower levees.

Air Terminal Flooded  
Nearby, the downtown Invalides Air Passenger Terminal has been closed because its underground driveways are flooded.

But despite the fact that the Seine—swollen by melting Alpine snows—is near its third highest level in history, it has overflowed its banks in only a few spots. The Quai de Bercy and the Quai de Rapée on the east were the most affected.

The city's tap water has turned yellow, but officials said it was still safe to drink. The Seine is expected to reach its crest—probably at the 23-foot mark—Sunday or Monday. The river hit its all time high of 29 feet in 1910.

LONDON (AP)—Dense fog blacked out Britain today. It played havoc with shipping in the North Sea and English Channel and stalled traffic up and down the country. The 7,176-ton Panamanian freighter Mando ran aground off the Scilly Isles and the London coaster Kingsbridge, another 7,000-tonner, grounded off the Isle of Wight. Swirling fog banks hampered rescue work. Lifeboats and tugs stood by.

NEW YORK (AP)—A vice president of the American Sugar Refining Co. says the firm was compelled to pay off union officials in order to avoid labor trouble on the Philadelphia waterfront.

Victor L. Johnson of Ridgewood, N. J., testified yesterday that thousands of dollars were used to keep the union from stopping sugar-unloading operations.

## Adams County Girls League

Biglerville and Littlestown both won easily Friday night, to remain deadlocked for the lead in the Adams County High School Girls Basketball League. Each has a 3-and-0 record for the season. York Springs moved into third place by winning Friday, and New Oxford posted its first win, over East Berlin.

Biglerville kept its slate unsullied by trouncing Newville by a convincing 38-20 score, at Newville. The Canneries built up a lead in the early moments, and Coach Reba Wentzel cleared the bench in an effort to keep the score down. Joan Geiselman, Biglerville forward, was high scorer, with 13 points, while J. McMillan led the home team with ten.

Littlestown knocked off a highly-regarded Fairfield sextet 47-24 at Fairfield. The visitors took an early lead, saw it almost erased in a second-quarter Fairfield rally, then forged ahead to stay in the third period. Marilyn Spangler tallied 19 points for the winners, six of them in the third period, and Susie Blocher had 17. Nancy Duval led the hosts with ten. Dot Myers, high scorer all season for Fairfield, left the game in the second period with an injured ankle.

York Springs took over third place, a game behind the leaders, by whipping a visiting Newville team, 28-14. Judy Weigle and Marcia Brough led the winners with 19 and 6 points, respectively, as York Springs led from the start, and was never threatened. Betty Snyder tossed 41 points through the hoop to lead New Oxford to a 60-34 win over visiting East Berlin, their first of the season. Miss Snyder's point total is high for a single game so far this year. New Oxford took an early lead, widened it in the second period, and held on. Myers led the losers with 21.

THREE PERISH IN  
BLAZING HOME

WICONISCO, Pa. (AP)—Three people, including a 5-month-old baby, burned to death today in this Dauphin County town early today when flames swept their home.

Dr. S. E. Herrold, Lykens, deputy Dauphin County coroner, identified the dead as Eugene Klingler, 24, Larry Walbert, 11, and Robert Klingler, 5 months.

Herrold said all three lived in a small six-room frame house near Wiconisco. The house was completely destroyed by the flames, Herrold said.

The fire began about 4:15 a.m., Herrold estimated. The first fire company, Wiconisco's, was called at 4:40. Two other fire companies from Lykens and Williamsport joined in fighting the blaze. Herrold said he believed the fire was caused by a lighted cigarette, but that pending an investigation he could not say specifically what caused the fire.

Two other persons who were in the house at the time were injured slightly, but not hospitalized, Herrold identified them as Joyce

Klingler, mother of the baby, and Fay Parsons.

## Form Executive Board

Members-at-large are Mrs. Donald E. Myers, Mrs. Brown and the retiring president, Mrs. Craver. Members can represent an organization for only two years. They may then represent another group for two years but can serve no more than four consecutive years on the council. After going off council for one year they may return for another term.

Miss Faber gave the treasurer's report. Auditors appointed were Mrs. Myers and Mrs. Eberhart. Mrs. Craver gave her report of the activities of the Council which was approved with an expression of appreciation for her service. Mrs. Earl Ziegler was elected to serve on the Executive Board and Mrs. Buehler appointed Mrs. Eberhart to the board. Last week the board elected Mrs. Richard Cole as their member. These three, with the three officers and the retiring president, will comprise the board for the ensuing year.

## Laud Firemen

A letter of appreciation to the members of the Gettysburg Fire Company for "their splendid service to the town" was authorized to be mailed. An invitation was received from the Adams County Medical Society to attend their inaugural lecture on "You and Your Heart" at the Moose Home on February 6 at 8 p.m.

Representatives were instructed to have their organizations send back to the next meeting of council, any projects they would like emphasized this year or any work they would like the council to undertake. The first half of the constitution was read and discussed and this will be completed at the February meeting. Wilbur L. Plank, local engineer, will be the speaker at that meeting. Mrs. Pearl Wiser, vice president, was appointed to have charge of attendance roll and members were reminded that since they represented a group they would be expected to attend every meeting or see that a substitute is present. Mrs. Wiser will also be in charge of conducting a group of members each month to sit as auditors at meetings of Borough Council.

UNEASY ARABS  
MEETING TODAY

CAIRO, Egypt (AP)—An uneasy group of Arab premiers sought today to settle their darkening dispute over joining with the West in a Middle East defense pact.

Egypt called the emergency meeting for 11 a.m. EST in an attempt to line up her Arab neighbors against oil-rich Iraq whose premier, Nuri Said, announced last week that his government would sign a mutual defense treaty with American-backed Turkey.

Nuri himself sent word he was too ill to attend today's meeting. Egypt insisted on going ahead without him, despite Iraq's request for postponement of the conference.

Egyptian Premier Gamal Abdel Nasser's government—which only a few months ago formed an agreement with Britain for evacuation of British troops from the Suez Canal zone—insists the Arab States should rely only on themselves for defense.

## Tax Collectors' Reports Are Filed

Mt. Joy Twp., perennially the first locality to turn in its year-end township report, also became the first to file its tax collector's report for 1954. The statement was filed Thursday afternoon with the clerk of courts. Hamiltonban Twp. came in a close second, filing its report this morning.

Mt. Joy reported that a total of \$23,329.58 had been collected during 1954, and that the residents still owed \$2,586. Of the money collected \$3,722.55 was levied by the township supervisors to meet their costs, \$18,823.28 by the school district, \$3,430.74 by the county, and \$2,357.02 by the institution district. The institution district taxes are set by the county commissioners, for the maintenance of the County Home and the child welfare services, principally.

The tax collector in Mt. Joy was Charles C. Little, Littlestown R. 2. He reported his salary and expenses as \$1,017.45.

Hamiltonban Twp. reported a total of \$38,208.20 collected with \$5,074.66 still due in tax payments. The township received \$2,880.51 of this total, while the school district got \$26,773.23 as its share. The county collected \$4,956.40 for general purposes and \$3,598.06 for the institution district.

The tax collector for Hamiltonban was G. Luther Reeve, Fairfield, who listed his total salary and expenses as \$1,740.70.

**Captain Linn Is Married To New York Girl:** Miss Phyllis Wilkins, daughter of Mr. and Mrs. David Owen Wilkins Sr., Painted Post, N. Y., and Capt. John Shelly Linn, son of Mrs. Guy R. Linn, Cashtown, were united in marriage last Saturday afternoon at the base chapel at Langley Field, Va., by Chaplain Major Charles K. Johnson. It was announced here Saturday.

The bride graduated from Painted Post high school and attended Rochester business college. Capt. Linn is a graduate of Arendtsville high school. He attended Penn State College for two years. In 1940 he enlisted in the regular Army Air Force. Linn spent 18 months in North Africa during which he received his officer's commission.

**War Veteran Married Here On Saturday:** In a candlelight ceremony performed in the Gettysburg Church of the Brethren Saturday afternoon, Miss Rosa M. L. Myers, daughter of the Rev. and Mrs. John Myers, Fairfield, and T. Sgt. Kenneth A. Stoner, son of Mr. and Mrs. Charles Stoner, Gettysburg R. D., were united in marriage.

The ceremony was performed by the Rev. Walter A. Keeney, elder of the church. The bride was given in marriage by her father. Miss Helen M. Myers, Philadelphia, sister of the bride, was maid of honor and Allen F. Trostle, Gettysburg R. D., a brother-in-law of the bride, was best man. The usher was Clinton Myers, Gettysburg R. D., a brother of the bride.

**County Soldier Weds In England:** Pfc. Bernard Francis Christner, son of Mr. and Mrs. Joseph A. Christner, Bonneauville, and Miss Naomi Ann Margaret Gibbs, daughter of Mr. and Mrs. Frank Gibbs, were united in marriage December 28 at St. Mary's Catholic Church, Kimberly Place, Falmouth, England.

**January Term Of Court Ends In 35 Minutes:** The January term of criminal court ended in 35 minutes this morning without a single case being tried.

The only defendant scheduled for trial was C. M. McElhaney, of York, who failed to appear for trial on a charge of driving while under the influence of intoxicants. After a 35 minute wait while District Attorney J. Francis Yake Jr. attempted to reach McElhaney by phone, the court declared his bond of \$500 forfeited and issued a process for his arrest for contempt of court. The case will be disposed of in April.

The short term of court was brought about by the few cases of a comparatively minor nature which remained on the trial list at the conclusion of the grand jury session last Thursday.

Because of the light list Judge W. C. Sheely ordered the sheriff to dismiss the petit jury. Any defendant not willing to stand trial without jury this week had their cases continued to April term. Because of that action, McElhaney's case was the only one scheduled for action today. One civil case listed for the term was settled and the other continued.

**"Finch Hits" For Ailing Cashier:** Because of the serious illness of Robert Myers, cashier of the First National Bank, Fairfield, Harry L. Snyder, vice president of the First National Bank of Gettysburg, has been loaned to the Fairfield institution to assist in the emergency.

**Local Soldier Is Missing: Two Are Wounded:** Pfc. Charles Gene Hess, 21-year-old son of Mr. and Mrs. Selmar H. Hess, 233 Chambersburg St., has been reported missing in action according to a War Department telegram received by his parents. Young Hess in his last letter had told his parents he was fighting "Somewhere in Germany." Pfc. LaVerne B. King, who will be 21 years old Tuesday, son of Mrs. Irene B. King, Center Square, is in a hospital in England, after being "slightly wounded in action" in Belgium January 5.

## Today's Talk

## WINDOW SHOPPERS

Anyone who has stopped on the street to look into a decorated window interests me. I often stop and give them company, for there is a longing feeling that shows so distinctly in the face of the window shopper. What is going on in that mind? Plenty. Most of these window shoppers are women, so if a wedding dress is displayed you can imagine what goes on in the mind of the one looking on. If a young person—flowering dreams! If a woman who celebrated that noted event long ago, there are memories.

Tools and gadgets have a fascination for me. So I stand outside of windows displaying them and speculate upon what each will do and the fun of having them. George Gissing, the English writer, used to window shop, but usually it was for a book or something to quench his hunger. Often the book got the better of him and he took it home and went hungry for body for another day.

Loving books as I do, it is difficult to pass a bookshop without stopping to appraise the entire window, which so very often ends by entering the interior and leaving with another new friend. One of the main reasons for a good wide street in a city's business district is to attract all sorts of people to the windows. I always wonder what the person next to me before a window is thinking. It's like looking at a beautiful sunset or an unusual cluster of clouds on a sunny day. You own each for a spell.

So to the window shopper there is that genuine, though fleeting ownership, in the onlooker's mind. If we have never owned a "castle in Spain" we have owned castles at various places at different times. That's why so many of us, spiritually, are very rich! No matter how the forms of governments may have changed fifty or more years from now, there will always remain in the individual's mind a sort of capitalistic urge for ownership in something beautiful and inspiring. I don't think window shopping will ever die out!

Protected, 1955, George Matthew Adams Service

## Just Folks

**PEACE**  
Peace is of the heart and mind  
And not of things.  
Though in possession pride we find,  
No more it brings.

One can be rich and out of touch  
With friendly ways.  
Who is content with owning much  
Off lonely stays.

By war no lasting peace is won;  
That ends in hate.  
Tis earned by faith to journey on  
When doubt seems great.

Peace is belief in all mankind.  
Is much that's good,  
And dedicating heart and mind  
To brotherhood.

## OBSERVERS EYE NEUTRAL AREAS NEAR FRONTIER

SAN JOSE, Costa Rica (AP)—The inter-American peace commission stretched a net of neutral ground and air observers along and over 18 miles of the Costa Rican-Nicaraguan frontier Friday. They sought to keep the rebellion south of the border from touching off a war between the two Latin-American neighbors.

A Costa Rican government column, meanwhile, began a flanking movement to get behind the rebels in the northwest sector of the country, then crush them against the bulk of the government troops to the south.

Launching its major peace-preserving effort, the five-nation commission of the Organization of American States dispatched 23 officers to patrol the neutral buffer zone 18 miles long and six miles wide which the commission established yesterday along the border north of the fighting area.

**Both Presidents Agree**  
In accepting the neutral zone proposal, both Costa Rican President Jose Figueres and Nicaraguan President Anastasio Somoza agreed to keep their troops out of the area and their planes out of the air above it.

Somoza already has announced he would intern any of the Costa Rican rebels chased across the border. The demilitarized area runs athwart the rebels' natural escape route, between the Pacific Ocean and Lake Nicaragua.

In setting up the buffer zone, the OAS commission emphasized that it was not seeking a cease-fire in the rebellion but only keeping the Costa Ricans and the Nicaraguans from tangling. The commission made its proposal after Somoza charged Costa Rican planes attacking the rebel headquarters Wednesday had violated Nicaraguan territory. He warned further border violations would have "grave" consequences.

**Strafe Rebel Positions**  
Aside from the loyalist flanking operation, the chief military activity appeared to be strafing of rebel positions by the four F51 Mustang fighters the United States turned over to Costa Rica earlier this week. Government communiques made no mention of ground fighting.

The general staff claimed the F51s destroyed a gasoline dump at La Cruz, the rebel headquarters seven miles south of the border, as well as one jeep, one small truck and three armored trucks.

A communique said the flanking operation, led by a Costa Rican of German descent, Col. Frank Marshall, was going "according to plan and doing very well."

## GOP To Choose Convention City

WASHINGTON (AP)—A date and place for the 1956 Republican Nominating Convention may be selected at a meeting of the GOP National Committee here Feb. 17.

Chairman Leonard W. Hall called the committee meeting for that purpose yesterday, and said a site subcommittee would meet a day earlier to prepare its recommendations.

The convention is expected to be held in either Chicago or Philadelphia both of which, along with Atlantic City, submitted bids to the site subcommittee Jan. 8.

## STATE PROBES "CONDITIONS" IN HOSPITALS

HARRISBURG (AP)—The new Democratic administration launched a broad inquiry Friday into what was described as "miserable conditions" in state-owned hospitals and picked the Allentown State Hospital as a starting point.

Harry Shapiro, secretary of welfare, focused immediate attention on the state's 17 mental hospitals but said the inquiry also would include to state-owned hospitals in the coal regions and 4 institutions for mental defectives, all under the Welfare Department. Allentown is a mental hospital.

The new secretary of welfare described to reporters at his first news conference Thursday "an overall movement to get rid of dangerous and horrible situations" he said exists in institutions under control of the Welfare Department.

Shapiro called upon the board of the trustees of the Allentown State Hospital to correct what he described as a "critical situation" Shapiro said he personally factored removal of Dr. Roy N. Goshorn, the Allentown superintendent. He sent Dr. Hamblen Eaton, superintendent of the Harrisburg State Hospital, to Allentown "to do anything necessary to keep the hospital going."

**Approves Superintendent**  
Shapiro said that Dr. Eaton "will select a man to correct the existing conditions" at the Allentown hospital.

Dr. J. C. Kistler, president of the Allentown board of trustees, said after a board meeting last night at Bethlehem that the board "stood willing to cooperate" with Shapiro in improving the hospital's services, but "lack necessary information to discharge any officers incapable of doing their duty." Dr. Kistler asked Shapiro to provide

## U.S. NAVY FAST CARRIER TASK FORCE LEAVES MANILA WATERS

## By SPENCER MOOSA

TAIPEH, Formosa (AP)—A U.S. Navy fast carrier task force left Manila Bay early today and was reported—but not confirmed officially—headed toward the troubled Formosan waters which swirled all week with hot air and sea action and Red China's biggest amphibious invasion of the Civil War.

Nationalist warplanes struck back last night and today at Yikangshan island, invaded Tuesday by the Communists and won after bloody fighting against Nationalist guerrillas.

Yikangshan is 8 miles north of the Nationalist Tachen Islands which are 200 miles north of Formosa and 12 miles from the China mainland.

**Safe Guess It's Formosa**  
The 33,000-ton carriers Essex, Yorktown and Kearsarge pulled out of Manila Bay for what a Navy spokesman there termed exercises as a "regular operational area."

A well-placed naval source at the Pacific Fleet Headquarters in Pearl Harbor said it would be a "safe assumption" the carriers were headed for the Formosa area.

Each of the ships carry a 100-plane striking force. The reported move to beef up U.S. 7th Fleet units charged with the defense of Formosa emphasized Washington reports the United States might aid in moving Nationalist troops off outpost islands threatened by Red invaders.

## GETS STATE JOB

HARRISBURG (AP)—Atty. Gen. Herbert B. Cohen has appointed John Sullivan, Rosemont, Delaware County, as deputy attorney general at a salary of \$10,260 a year.

Cohen said Sullivan, who was a former Public Utility commissioner, will serve as coordinator between the Justice Department, the governor's office and the Legislature.

## RCAF PLANE CRASHES

WINNIPEG (AP)—A two-engine Royal Canadian Air Force plane crashed 30 miles southeast of Winnipeg last night and all three crewmen were killed. The plane, on a routine training flight out of Winnipeg, carried an RCAF pilot and two navigation students.

Information to "assist us in making a final decision."

Shapiro said that a critical department report on the Allentown hospital shows that it "needs everything before it can be called a good hospital." The hospital, he said, has "no program worth mentioning."

Shapiro said that the Allentown institution was only the starting point for "a wholesale cleanup" of operations at state institutions.

## Gil Hodges Gets Salary Increase

BROOKLYN (AP)—Gil Hodges, greatest slugger in Brooklyn history, reaped rich rewards for his outstanding 1954 season today. He signed a contract calling for an estimated \$30,000, an increase of \$7,000.

The 30-year-old first baseman had his best year last season. His .304 batting average, 42 homers, 130 runs batted in, 335 total bases, .579 slugging percentage and 176 hits were his personal highs.

In addition, he led all National League first basemen with 1,381 putouts, 132 assists and 1,520 total chances. He finished one point behind Ted Kluszewski in percentage.

## APPEASEMENT OUT, SENATOR SAYS ON CHINA

## By RUSSELL BRINES

WASHINGTON (AP)—Chairman Richards (D-SC) of the House Foreign Affairs Committee today urged the administration to make it clear that there is no "appeasement, fear or weakness" in its Formosa policy.

Instead, he said, any shift of Chinese Nationalist defensive forces from the Tachen or other islands in the Formosa area should be coupled with a warning that "if new lines are established as the best military perimeter for the defense of Formosa, we will defend it, by arms if necessary, and retreat no farther."

Richards added in an interview he believed President Eisenhower now has sufficient authority, as commander in chief of the armed forces, to use American air and sea forces in covering a shift of Nationalist defense forces if that becomes necessary.

## Meet USA Cabinet

Informed Eisenhower administration officials said it was likely the President would send to Congress early next week a proposal for advance legislative approval of such a plan, which might involve U.S. units in open clashes with Chinese Communists.

Behind this proposal was said to be an administration plan for an around-the-clock air fighter cover and naval aid in the evacuation of Nationalists from at least some of the Tachen Islands if they are brought under massive attack by the Communists.

The plan, and possibility of a request to Congress for specific authority, reportedly were discussed as Eisenhower met for 50 minutes yesterday with the National Security Council, and later with his Cabinet.

Chairman George (D-Ga) of the Senate Foreign Relations Committee, who told a news conference yesterday there was an indication a presidential message may be forthcoming, said that until its terms are known he didn't want to express himself on it one way or the other.

## SEVEN AIRMEN RESCUED AFTER FORCED LANDING

PEARL HARBOR (AP)—All seven hardy survivors of a twin-engine Navy amphibian forced down in the Central Pacific Wednesday night—rescued yesterday by the transport Fred C. Ainsworth—were en route to this big naval base today.

The Hawaiian Sea Frontier said the ship messaged tersely "seven survivors in good condition" but gave no details of the rescue or comments from the survivors.

The Navy said the transport is due in Pearl Harbor at 6 p.m. Tuesday.

The men were picked up from an air-dropped life boat in the growing darkness about 666 miles north of Kwajalein. The plane was bound for Kwajalein from Johnston island when it developed engine trouble.

## Left Life Raft

Only several hours before the rescue, the airmen had transferred to the 33-foot boat from their life raft. An Air Force search plane dropped the boat.

The Navy identified the men as Lt. James Godfrey Measel, pilot, Norfolk, Va.; Ens. Harrison B. Nordstrom, copilot, St. Paul, Minn.; Ens. Robert N. Gardon, navigator, Watertown, Mass.; Aviation Machinist Mate 2/C Edward G. Nowark, Buffalo, N.Y.; Aviation Machinist Mate 1/C William C. Pavey, Warwick, R.I.; and Aviation Electronics Technician 2/C Jerome J. Warras, Detroit, Mich.

They were spotted by a search plane piloted by Coast Guard Lt. Martin W. Fleish after 16 planes and several surface ships crisscrossed a 45,000 square mile area from 400 to 600 miles west of Johnston Island.

## Carlisle Crushes Warrior Quintet 62-41; Reserves Bow; Trojans Here Tuesday

Carlisle High spotted the Gettysburg Warriors 13-10 lead in the first period and then took over to crush the locals 62-41 in a South Penn Basketball League game at Carlisle Friday evening.

Clyde Washington, husky Carlisle guard, was the big gun for the winners as he rammed a total of 29 points through the hoops and kept his team in front after the first stanza.

The loss was the seventh straight in league competition for Gettysburg and their eighth in a row for the campaign. The Warriors now have a 2-9 season mark.

During the first period it looked as though Coach George Forney's outfit might spring a surprise on the second-place Herd.

A pair of goals by Dick Hise, single twin-pointers by Jeff Langsam, Glenn Weishaar, Jim Everly and Ronnie Williams, plus a charity toss by Langsam, gave the Warriors their lead. Washington contributed a pair of goals and a pair of fouls for Carlisle.

**Herd Roars Ahead**  
The Thundering Herd began to get underway in the second stanza when Washington added three double-deckers to spark a 16-point attack. Everly hooped a pair of goals for the Warriors and Langsam one with Rolf Johnson converting from the foul line to account for Gettysburg's points. At half time Carlisle was in front 26-20.

The Forney-men remained in contention fairly well during the third period as Johnson led the offense with a goal and five fouls. Washington and Barber kept Carlisle ahead 40-31 going into the final frame.

Gettysburg faded from the picture in the final quarter as Carlisle poured 22 points through the nets, 10 coming on five tosses from the field by Washington. Williams landed a pair of goals for the Warriors with Hise, Johnson and Weishaar sinking one each.

**Poor Start Fatal**  
A ragged first period during which they fell behind 18-6 proved fatal to the Warrior reserves who lost the preliminary 45-38. Each team netted 18 goals but Carlisle got the edge through the foul line.

Next Tuesday the Warriors will meet Chambersburg here in the first half game. A victory for the first-place Trojans will give them the first half league title.

## G-BURG JUNIOR HIGH TROUNCED BY CARLISLE 5

Gettysburg Junior High School's winless cagers went down to defeat for the sixth straight time here Friday evening when they suffered a 39-17 drubbing at the hands of Carlisle.

The Braves were without the services of Coach Luther Sachs who was rushed to the Warner Hospital shortly before game time to submit to an emergency appendectomy. Ned Brownley, assistant coach, piloted the jayvee and varsity squads.

Carlisle rushed off to a 13-2 lead in the first period and there was never any doubt as the ultimate outcome thereof. At half time the count stood 23-7.

Coach Brownley switched his squad to a zone-style of play in the second half but to no avail as the invaders continued to easily dominate. The weak-shooting Braves could land but four goals.

The local jayvees dropped the preliminary 25-11. At half time the visitors led 8-4 and moved out in front with a nine-point third period.

Next Tuesday the Braves journey to Chambersburg for another double bill.

## Adams County Boys' League

Boiling Springs hiked its lead in the Adams County Basketball League to two full games by drubbing York Springs 91-52 Friday evening while New Oxford was upset by East Berlin.

Eddie Dasher and Ronnie Brown, well-known Bubblers' ace point-gatherers, were too much for the Springers. Dasher landed 32 points and his team-mate netted 19. Johnny Fair and Guy Koons each connected for 14 for the losers.

East Berlin took a 10-6 lead in the first period and then maintained a narrow lead over New Oxford the remainder of the way to take a 51-40 decision at New Oxford. McGregor and Oberlander each accounted for 13 points for the winners with Bill Little hooping 15 for New Oxford to be the top scorer of the evening.

After a close first period, the Bigville High Cannons took command to swamp Newville 70-30 on the latter's floor. Nevin Frantz, high-scoring Cannon forward, tickled the cords for 26 points and Ronnie Group added 12.

Littlestown moved into the four-way tie for second place by trouncing Fairfield 58-41 at Fairfield.

## Cold Weather Noises In Motor Often Cause Needless Worry To Autoists At This Time Of Year

By FREDERICK C. RUSSELL

A friend is someone who knows all about your driving and still likes you.

### Goes With The Season

This is the time of year when many worry needlessly about what are simply cold weather noises. They come along chiefly when the engine is first started in the morning, and may range from a loud piston slap to that sharp clattering of a dry hydraulic valve lifter. Sticky valves are noisy too but they make the engine run rough, and that is their confession. A piston slap will usually clear up as

the engine is brought to operating temperature: Hydraulic valve lifters usually quiet down as soon as oil pressure builds up, which is a matter of seconds after the start. Popping back through the carburetor as the engine is accelerated means either that the mixture is too lean (from under-choking) or that there is a sticking intake valve.

### It's One-Way Leakage

That combustion gases can leak into the engine's cooling system without water or anti-freeze leaking into the cylinders doesn't make sense to one skeptic who tells me that in all the years he drove cars

in the far north and used kerosene as anti-freeze he never recalls any leakage of coolant past the head gasket. His argument is that if coolant doesn't leak into the cylinders then gases can't leak into the cooling system.

Well, now let's take a look at the situation. How about pressure? Those burning gases have quite a force behind them. Even during the compression stroke before gases are fired pressures run up above 100 pounds. Even this is much higher than the relatively feeble pressure exerted by the water pump. That is why there can be one-way leakage. Over a period of time it amounts to quite a bit of "gassing" of the coolant. Engineers warn that since this gas is acid it may combine with the alkaline of anti-freeze inhibitors to form salts. That's why no anti-freeze should be left in the cooling system more than one winter season.

### Three To Remember

It always saves tire chains to drive slower, thus greatly reducing the pounding links receive as they strike the road surface.

In deep snow it is often possible to get traction by having someone stand on the rear bumper and rock up and down on the rear of the car.

Neatest trick in windshield wipers is an attachment to enable the wiper blades to cover only a small portion of the glass. Instead of the

wipers failing because of heavy snow their energy is expended on clearing a small opening through which the driver can see well.

**Mechanic Joe Speaking:**  
"I probably wouldn't have thought about it myself but being under a car the other day I began to realize how many collisions motorists have with the road itself and the various things on the road surface such as branches of trees, stones, loose gravel, chuck holes and thie like. A stone tossed by a tire may bend the control rod for one automatic transmission and throw the shifting way off base. Twigs can catch in an exposed propeller shaft parking brake. Holes in the road can throw the front end out of alignment, damage tires and, if the brakes are simultaneously applied, break a spring. There have been cases where tossed stones have damaged the fuel line at the gas tank."

### Checking That Skid

While it is true that the front wheels of the car should be cut in the direction the rear end is swinging, in order to check a skid, the job isn't completed until the driver has made sure this correction isn't so severe as to start the car into a counter-skid toward the other side after straightening out. If the original correction is too sharp with a light car the counter-skid is likely to take the driver by surprise. That's why we have the rule to cut a heavier car more sharply to correct a rear-end swing.

The fact that so often a swinging skid will start when the car is close to the edge of the road or other cars makes it difficult, if not impossible, to apply the corrective measure. That's why the smart operator thinks in terms of prevention rather than correction.

### Checks On Automatics

In shopping for a used car with an automatic drive you can tell something of the condition of this important unit by noting if the car

accelerates properly on a normal upgrade. Slippage should be viewed as calling for further checking. Try backing the car up a short grade to see if action is smooth. Chattering means trouble. Try the kickdown feature of the accelerator to make sure this is functioning properly. Noise is always a sign of trouble, although with some drives a little whining when the fluid is cold is no cause for worry.

### Saving With The Facts

It may be fun to be fooled, but with an automobile it costs money not to know the facts. I was thinking of this when a reader told me about the smoke that comes from the tail pipe whenever the car is started up in the morning. Suspecting that this was due to trouble with the choke he had this unit looked over. Somewhere he had read about a too high carburetor float level causing a too rich mixture, this leading him into some further expense. All the while he failed to give anyone an idea of how he proceeded when starting the motor. It seems he was in the habit of pumping on the accelerator pedal, that having been a necessary step with his previous car which had ailed toward the last. This just loaded up the new engine.

### Lights As A Guide

I mention it only because it falls into the category of those little observations which help us build driving into a fine art, but have you ever watched the distance between the tail-lights of a car ahead of you down the road on a dark night? If this distance increases the car is slowing down. If it decreases the car is speeding up.

### Try Some Replacements

It's a new idea but smart motorists are already in process of replacing some of the outmoded equipment on their cars. This includes scrapping fittments which have either worn out or which have

become antiquated. Included in the category of equipment lending itself to this trend are rear view mirrors. The non-glare features of the newest are well worth the investment. Many motorists have already found it desirable to replace the car's original oil filter. Some cars are not presently equipped with effective enough directional signals, not to mention heaters that fall short of the mark.

### What's Your Trouble?

Q. I have noticed that the brakes on my car have become very rough in their action even though I may not be applying much pressure on the pedal. Brake shoes clearances have been checked and are correct for this car. Wm. L. P.

A. You had better check the brake drums which probably are scored.

Q. I find that there is a spacer between the carburetor and the intake manifold of my car, and when I tried to tighten the hold-down nuts this spacer compressed noticeably. How far down should the nuts be drawn? M. D. R.

A. A torque wrench will be needed for this. Draw the nuts down evenly, and to 12 to 15 lb-ft torque.

Q. There seems to be noise in the rear end of my car but several mechanics have told me that it definitely isn't due to the mesh of the pinion and ring gears, nor

to the differential gears. What next? T. K.

A. At this point I would consider the possibility of noise from the muffler system, the engine fan, the tires or the transmission. A vibrating tail pipe has also been mistaken for rear-end noise.

Q. Everything has been tried in an effort to check overheating which is causing excessive loss of anti-freeze. B. M. L.

A. How about this engine having the wrong head gasket?

Mr. Russell will answer questions regarding the safe care and operation of your car. Just address him at 254 Fern St., West Hartford 7, Conn., and enclose stamped, self-addressed envelope for a personal reply. There is no charge.

## OPPOSITION TO EXPENSE-PAID CHINA TRIPS FOR RELATIVES

By ROWLAND EVANS JR.  
WASHINGTON (AP) — Sen. Potter (R-Mich.) said today proposed legislation to pay expenses of relatives to visit 17 Americans imprisoned in Red China would serve only to "flame the fires of vicious propaganda."

Such a bill was proposed yesterday by Rep. Keating (R-NY). Sen. Sparkman (D-Ala.) said he was thinking along similar lines.

So far the families of only two of the jailed Americans have accepted the Red Chinese offer to let them come.

"At Your Own Risk"

Some others who hesitated mentioned the expense angle, and some obviously had taken notice of an Air Force warning that this government can not "assume any responsibility for your travel in Communist China, which must necessarily be undertaken at your own risk."

This referred to the fact that—since this country has never recognized the Red Chinese regime—there are no U.S. diplomatic representatives in China who might be called on for help, should any

of the visiting Americans run into trouble. No American has been authorized to visit China in the five years the Reds have held sway there.

At U.N. headquarters in New York, it was reported last night the U.N. was ready to make travel arrangements for the relatives, but a spokesman said the international organization has no funds to pay their expenses.

Round Trip Fare \$2,000

Round trip plane fare would come to nearly \$2,000.

The American Red Cross stepped in yesterday and said it would provide up to the full amount of the trip cost to any of the next of kin who may be "authorized by the U.S. government and desire to go to Communist China," but need financial help to get there.

If the U. S. government were to give the Red Chinese offer any kind of official standing, Potter said, the Communists would be able "to play it up all over the world." Potter said this might tend to obscure "their illegal action in jailing the Americans."

So far, the State Department has taken the position the U.S. government can not "in good conscience encourage those who may wish to go into an area where the normal protections of an American passport can not be offered." But without saying so, the department indicated it would not block any of the relatives who may want to take up the Red Chinese offer.

## FALCONE TRIAL IN SIXTH DAY AT JIM THORPE

JIM THORPE, Pa. (AP)—The trial of Daniel Falcone—charged with slaying Mr. and Mrs. Matthew Daneker—enters its sixth day today, with the commonwealth having completed the reading of an alleged group of "love letters" from Falcone to Mildred Daneker.

As the letters were read into the record yesterday, the 51-year-old former state policeman and Bangor councilman displayed emotion for the first time during the trial. Several times he wiped plainly visible tears from his eyes.

The commonwealth contends that Falcone shot Matthew Daneker and his 36-year-old wife on the steps of a Palmerton church last Oct. 3 as the result of an "unfortunate infatuation" between the woman and Falcone.

Falcone was seized four days after the double shooting. He was arrested as he walked along a road near a small country store where he was seeking food and supplies.

The final commonwealth witness yesterday was Steve Tergo, 42, of Palmerton, a Pennsylvania Power and Light Co. employee, and Willard A. Steigerwalt, Palmerton policeman.

Tergo told of the street lighting in the vicinity of the church which served as a backdrop for the shooting. Steigerwalt testified he had gone to the Palmeron shirt factory where both Falcone and Mrs. Daneker was employed, twice to answer complaints concerning alleged threats by Falcone against Daneker and his wife.

On one occasion, the policeman said, the complaint was made to police by the Danekers and on the other occasion the complainant was a Harry Levine, identified as the factory manager. The policeman said Falcone told him that he and Mrs. Daneker were no longer seeing each other.

The reading of the love letters caused Judge James C. McCready to clear the courtroom of all persons under 21, an order he indicated would be kept in effect until further notice. However, the courtroom was crowded for both of the sessions yesterday with adult spectators. Many teen-agers remained clustered outside the courtroom even after they were refused admittance to the courtroom.

## Fear Yank Prisoners May Be Lost In Soviet Labor Camps

By TOM REEDY  
BERLIN (AP)—U.S. officials speculated today that perhaps a score of American soldiers and Navy fliers still may be trapped in Soviet slave labor camps.

The Army disclosed that 12 American soldiers have been missing from Berlin for a considerable length of time, one for more than five years. The Army said it has no information on their whereabouts, but officials said some or all may be in the Kremlin's arctic camps, lost among hundreds of thousands of men and women of all nationalities.

Eight airmen from a Navy Privateer shot down in the Baltic in 1950 also may be in the camps. John H. Noble, of Detroit, who was released two weeks ago after nine years in captivity, said he had heard eight men of the crew of 10 had been rescued by the Soviets and were being held.

Three Cases Cleared Up  
The return Thursday of Pvt. William A. Verdine, of Starks, La., from six years of captivity cleared up only those three cases the U.S. Embassy in Moscow has been prodding the Kremlin about in recent months. Pvt. William T. Marchuk, of Norristown, Pa., was released with Noble and is now in the guardhouse here facing possible court-martial.

Verdine was promptly hospitalized on his release. Army doctors said he would need treatment before he could be interrogated. He is under arrest pending an inquiry into his absence from his unit in West Germany since Feb. 3, 1949.

The list of missing soldiers includes one absent since midsummer of 1949. He is Pvt. William J. Peterson, of Beaufort, N.C.

Others Missing  
Others on the roll of missing are:

Pvt. Arthur Boyd Jr., New York City, missing since Nov. 9, 1953; Pvt. Francis F. Bunting, Barnesville, Ohio; Pvt. William D. Clayton, Richmond, Va., March 26, 1952; Pvt. Harold Haley, Dorchester, Mass., Dec. 2, 1952; Cpl. Edward Hoban, no home address given, July 23, 1951; Pfc. Robert J. Petee, no home address, May 16, 1951; Pvt. Charles J. Scott, no home address, Dec. 4, 1951;

Pvt. Arthur T. Shearer, Washington, D.C., June 27, 1952; Pvt. Sidney P. Sparks, North Augusta, S.C., Dec. 4, 1951; Pvt. George Stables, Jersey Shore, Pa., May 28, 1951; Pvt. Raymond H. Hutto, whose mother lives at Orlando, Fla., and his father at Princess Anne, Md.

The Army said Hutto escaped from his guard while on the way to an Army hospital last June 28. Later the East German Communist news agency said he had asked for political asylum. He has not been heard from since.

East Berlin — Nelson L. Weaver has returned to his duties as a hardware merchant after a brief absence due to an illness.

Robert and Grace Elgin Eichholtz, she a former local girl, are occupying their newly completed house at Arendtsville. The couple had lived for some time in the south during his army term there.

The Glenn Julius family, near Red Run, are recovering after illnesses due to grip.

Mrs. Robert Jacobs, who fractured her hip in a fall at home November 18, and who has spent six weeks with her son, Carl, and family since leaving Warner Hospital, is being returned to her own home this week. She will attend to light household duties from the wheelchair to which she expects to be confined for several months longer.

Mrs. Charles Fahn, who is reported slowly improving at the University Hospital, Baltimore, was visited there recently by her son-in-law and daughter, Glenn, and Janet M. Wolf Wehler, Franklintown.

Slight improvement is reported in the condition of Mrs. Ellen Stambaugh King, 85, who remains at Warner Hospital due to a fall at the home of a daughter, Mrs. Allen Menges.

Victor S. Altland, now farming near York, visited here during the week.

Mr. and Mrs. Archie McClellan Pentz, near Brown's Dam, entertained their sister from Harrisburg during the week.

Brenda, eight-year-old daughter of Mr. and Mrs. John S. Kohler, is able to be about after a recent illness.

The farm north of town formerly tilled by Lester E. Melhorn has been purchased by the Frank Lamparter family.

Women of the Auxiliary of the local Fire company will hold a card party Saturday evening, January 29, at 8 o'clock in the fire hall.

Mrs. Luther P. Smith has recovered from her recent illness and is now actively participating in her post as chairman of the March of Dimes in this section.

"Pioneer Day" is being observed Sunday along with the regular worship period of Red Mount Church north of town at 10:45 a.m. in charge of the Rev. Percy D. Brown, pastor.

Dr. Paul Petcher, a medical missionary to Africa, will speak Sunday morning at Bermudian Church of the Brethren in a program in charge of the young married persons of the congregation.

## Abbottstown

ABBOTTSTOWN — The congregational meeting of the Reformed Church was held Wednesday night. At that time a financial report was heard from all organizations of the church and Sunday School.

Mrs. Richard Saunders is confined to bed due to illness.

Mark Shaffer, who recently moved from here to Moultsburg, fell on the ice last week on way home from work and fractured his right hand.

On Thursday the Corona Avenue PTA of Valley Stream, N. Y., honored Prof. Ira C. Mummert, a former high school teacher here. Prof. Mummert is supervising principal of district 13 of Valley Stream, N. Y., with Prof. Harry W. Gross, a resident of near town, and a former student under Prof. Mummert, as principal.

Mr. and Mrs. John Myers, Lancaster, spent Wednesday with Mr. and Mrs. Charles Chubb.
